PROFESSIONAL SUMMARY

Architect working across design and structure, with practice experience in Turkey, Albania and Italy. Takes residential and interior projects from concept to full 3D model, photoreal renders and construction drawings, checked against structural logic and local building codes as they are drawn. Portfolio of 8 projects spanning a master plan, villas, a 9-storey residential block and complete apartment interiors.

PROFESSIONAL EXPERIENCE

Artigianferro SRLS

Architect

Grassobbio (BG), Italy

12/2024 – Present

- Architectural and structural drawings for steel and metalwork, from site survey to the drawings the workshop builds from.

A0 Design

Architect

Tirana, Albania

03/2024 – 12/2024

- Residential and interior projects taken from concept to 3D model, photoreal renders and permit drawings.

Armata Architecture

Architect

Konya, Turkey

09/2023 – 02/2024

- Architectural drawings and 3D models in a practice working to Turkish building codes.

EDUCATION

KTO Karatay Üniversitesi

Bachelor of Architecture

Konya, Turkey

09/2019 – 02/2024

SELECTED PROJECTS

Verda Residences

Master plan · 4 blocks, 5 storeys

- Master plan visualisation (team project):** Four low-rise blocks around one shared park, with a water garden, café, play areas and a cycle path.

The Aura Estate

Villa · 2 storeys + roof terrace

- Architectural concept · exterior visualisation:** Brick, timber and glass villa with linear LED soffits and a carport framed into the facade.

Lumina Interiors

Apartment · 3 bed, 3 bath

- Interior design · 3D visualisation:** Complete apartment in one palette: custom joinery, lighting coves and 24 rendered views across living, kitchen, bedrooms and bathrooms.

Akmar Residences

Housing · 9 storeys

- Architectural design · facade studies:** Corner-site apartment block; balconies as vertical colour bands, rendered in two colourways for the developer to choose.

Twin Houses

Semi-detached · 2 homes

- Architectural design · exterior visualisation:** Two family homes on a corner plot under one deep roof, with a timber-clad centre and slatted steel garden railings.

Garden Lobby

Interior · common areas

- Interior design · 3D visualisation:** Residential lobby built around a curved walnut planter, backlit stone and a sculpted lacquer column.
